

# Week of April 20th-24th

Dear Parents,

Below you find an overview of Weekly Goals (learning topics and assignments) for my homeroom of Math, Language and Religion as well as the afternoon Immersion and Extended Group subjects. We hope you find the information clear. Please know we are available by email, should you have any questions. Stay safe; stay well.

Kindest Regards,  
Grade 6 Team

## Language and Math - Mrs. Lewis:

Google Meet for Students- **Tuesday, April 21st @10am-** Purpose to touch base, review weekly goals, conference.

All assignments for submission are located in the Student Portal in Hapara in the third column (except Mathletics which is a separate application in the Student Portal). There are many engaging activities to meet the diversity of learning styles and interests. However, I would ask students to do their best to complete the following activities this week:

JAM-1LAN-6-1920

Synergized Sixes- Work From Home-Language

1. Go to Section Titled- **Apr. 20th-24th**
2. From previous weeks: Finish letter to Residents of Stonehaven Manor. Thank you to all who have done so. They are well-received and most appreciated.
3. Read/Listen to up to the end of Chapter 4 of one of the three novel choices provided (4th Column) and complete the corresponding Reading Response (3rd column)
4. Complete Earth Day Writing-Students use their experience and knowledge of Global Goals and write a paragraph on one of two writing prompt topics.
5. Extra- many activities to reinforce reading, oral and visual communication, media literacy and writing on Hapara workspace.

## JAM-1MAT-6-1920 Synergized Sixes Math From Home

1. Find 2nd section down- ***April 20th-24th***
2. Complete Graphing Cards (3rd column) -Graphing 7, 8, & 9 (Accompanying videos in 2nd column)
3. If time- Go back and complete Graphing Cards from previous sections.
4. Extra- Games in Hapara or Mathletics in Student Portal

### **Religion - Mrs. O'Connor:**

JAM-1REL-6-1920

Students are asked to locate in their Religion folder Hapara, a new workspace called “Week 3- Learn From Home”. In there, there are instructions for this week's activities through the Growing in Faith website. I have also included step-by-step instructions on how to access the Growing In Faith website from home and which activities to work through.

### **Extended French- Mme. Davis**

Please ask your children to check their student emails as I have sent them an email with the “Goals of the week”. I will continue to send students emails each Monday.

We will try our first **Google Meet on Thursday, April 23rd 1-1:30**. I have sent a Google Meet invite to each student's emails.

#### Goals of the week:

**French:** Workspace April, **French Distant Learning:** In celebration of Earth Week students are encouraged to visit this website <https://jourdelaterre.org/qc/> and read and explore the various texts. They are then asked to watch this video: [https://www.youtube.com/watch?v=B76Qh1QFP9A&feature=emb\\_title](https://www.youtube.com/watch?v=B76Qh1QFP9A&feature=emb_title). There will be a short questionnaire to reflect on what the students watched.

**Social Studies:** Workspace “Projet des festivals”, continue working and exploring your chosen festivals.

Students were reminded to work at their own pace and not to stress. Please email me with any questions or concerns.

### **Extended Science- Mr. Belair**

Thanks to all students who shared Canada's contributions to Space Exploration. This week students have a pair of links to follow and read. The first is a wonderful [slideshow about the race to space](#). Students might be amazed to learn that it was just over 60 years ago that Russians sent the first manmade satellite into space, triggering modern space exploration.

The second article is about Richard Branson's foray into [early commercial space tourism](#). Students will be amazed that this is almost a thing they could do, and even more so at the cost!

We have about 1-2 weeks of space learning left, with living in space to be our final topic starting next week. Lots of amazing YouTube videos from Col. Hadfield and Davis St. Jacques coming soon!

### ***Immersion French-Mme Roy***

French assignments are posted on their “**Hapara Workspace: Defis d’avril 2020**” and “**Hapara Workspace: Flipgrids d’avril**”. **A weekly schedule (green column) is included ON THE WORKSPACE to help your child organize his/her time.** However, he/she can decide to do the work whenever he/she wants. Some of the work (grammar) will be **repetitive from one week to the other to reinforce memorization of verb tenses and improve oral expression.**
